To: Sudhakavya Bodapati Venkata <bvsudhakavya@gmail.com>

Dear Sudhakavya Bodapati Venkata,

We have received your application to serve as a Reviewer for MICCAI, and we are delighted to invite you to review for MICCAI 2026. Thank you for volunteering!

The paper review will take place between March 27 and April 16, 2026. Each reviewer will be asked to assess approximately three to five papers during this period. Reviewers bid for papers between March 19 and 23, 2026. Reviewers will be asked to revise and update their reviews after the rebuttals are submitted, between May 15 and 21, 2026.

As in previous years, we will be using the Microsoft Conference Management (CMT) System. Papers will be assigned based on area chair suggestions and reviewer expertise scores from the Toronto Paper Matching System, combined with the opportunity for reviewers to bid on papers they would be interested in reviewing.

We intend to publish anonymous reviews (and rebuttals) alongside the papers. By agreeing to review for MICCAI, you will have permitted us to publish your reviews.

In recognition of your efforts, your name will be listed in the conference proceedings, and you will be eligible for the conference's prestigious reviewing awards.

If you accept, please click the link below.

<https://cmt3.research.microsoft.com/MICCAI2026/User/AcceptInvitation?uniqueId=054449a1-19dc-407d-9d53-992c0ed4b194>.

If you cannot review for us this year, please let us know by clicking this link.

<https://cmt3.research.microsoft.com/MICCAI2026/User/DeclineInvitation?uniqueId=054449a1-19dc-407d-9d53-992c0ed4b194>.

The invitation expires on 2/24/2026.

If you have changed your CMT email address and would like the invitation resent to your new email, please contact Kitty Wong at submissions@miccai.org

If you agree to review, please update your MICCAI2026 CMT user profile and TPMS profile upon acceptance:

In your Microsoft Conference Management Toolkit (CMT) account: (<https://cmt3.research.microsoft.com/MICCAI2026/Submission/Rvw>)

1. Enter Domain Conflicts, including the email domain of your current affiliation
2. In your User Profile, enter your
 - a. Google Scholar ID or Semantic Scholar ID
 - b. DBLP ID
 - c. Make sure your name and your affiliation are spelled correctly
3. Select Subject Areas (changed, see instructions below)
4. Select User Type

In your Toronto Paper Matching System (TPMS) account: (<http://torontopapermatching.org/webapp/profileBrowser/login/>)

5. Update your profile by uploading 2 or more (preferably 5) of your recent publications relevant to MICCAI. You have the option to remove any papers that are no longer relevant.

CHANGED since 2025: When selecting Subject areas, you must first select either MIC or CAI as your primary subject area. You must then also select at least one secondary area in EACH of the following 3 categories: "Body", "Modalities", and "Application". This is to improve paper-

reviewer matching.

IMPORTANT

- Make sure to use the same email address for your CMT account (with reviewer credentials) and your TPMS account. This is because CMT and TPMS are two different systems. The only way to link them is via email address.
- For those with multiple accounts in CMT: linking two accounts in CMT DOES NOT MERGE two accounts into one; it simply allows you to switch between two accounts without having to log in and out. The email address of your TPMS account MUST match the CMT account with the Reviewer credential.

If you have any questions or issues with your CMT or your TPMS account, please contact Kitty Wong at submissions@miccai.org

Please have a look at the review timeline (<https://conferences.miccai.org/2026/en/IMPORTANT-DATES-FOR-THE-REVIEW-PROCESS-AND-INSTRUCTION-FILES.html>) and reserve time in your calendar for the main tasks. We will be communicating with you at a later date regarding the first teleconference to discuss the review process.

All future communications and instructions will be sent to you via CMT. Please DO NOT tick the "Do not send me conference email" box in your CMT user profile, and make sure your mailbox does not filter emails from CMT as spam. It is important that your mail server does not block CMT emails.

All future instructions will also be posted on the conference website when they become available: <https://conferences.miccai.org/2026/en/IMPORTANT-DATES-FOR-THE-REVIEW-PROCESS-AND-INSTRUCTION-FILES.html>

Thank you very much in advance for your invaluable help to MICCAI.

With best wishes,

MICCAI 2026 Organizing Committee

Program Chairs:

Guang Yang
Ehsan Adeli
Marleen de Bruijne
Stefanie Speidel
Pallavi Tiwari
Guoyan Zheng
